Reporting to Parents and Carers Policy

Aims

1. To provide parents and carers with timely and appropriate information to support the progress of their child.
2. To ensure that there is a positive and co-operative relationship between teachers and parents/carers in which parents are fully aware of the progress, successes and challenges faced by their child and clear about what they can do to support their child at home.

Rationale

Alderbrook is committed to providing parents/carers with written reports that:

- Are individual to the student
- Are honest and constructive
- Diagnose significant strengths and weaknesses in the student's knowledge, skills and understanding
- Set targets for development and make clear what students have to do to improve
- Use plain English and avoid jargon
- Report approach to learning, behaviour and achievement consistently and unambiguously
- Meet legal requirements

Alderbrook is committed to providing oral reports to parents and carers that:

- Give an honest and constructive assessment of achievement to date
- Engage parents and pupils in a dialogue on targets for development
- Provide an opportunity for parents/carers to discuss any concerns they may have

The Reporting Schedule

In reporting to parents and carers Alderbrook will:

- plan the timing of written reports and parental consultations to be coherent across each key stage, at appropriate times of the year and in a timely manner
- ensure that reports follow a common format and meet national requirements by offering colleagues appropriate guidance
- set clear dates for the completion and issuing of reports

- establish clear administrative structures to support parental consultation evenings
- communicate dates and arrangements for parental consultations clearly to parents/carers, encouraging attendance with their child
- ensure that reports achieve the stated aims by establishing procedures for monitoring quality via both the pastoral system (through form tutors and heads of College) and via the faculty system (through Heads of faculty/department and the Senior Leadership Team)
- report by phone, letter or consultation as appropriate any situation that requires contact over and above the usual cycle of contacts

Details of Guidance Offered to Staff

Written comments provided should include:

- a personal comment on what a student is like in class and how they can positively move forward; Behaviour and Approach to Learning grades will help to focus specific strands of strength or where teachers have concerns
- how they have done academically, where they are succeeding and where they find things more difficult, what their child needs to work on to improve academically.

Oral comments should:

- focus on how to maximise the student's academic progress in school and at home
- reflect an individual understanding of the student, where they are and what they need to do to progress
- where more time is needed to discuss a student, a further appointment should be arranged to avoid delay to other appointments

Reporting Attainment

- In Year 7 and 8, achievement will be reported using our new threshold system, taking in to account the student's prior attainment and their trajectory through school. Students will have been placed into a threshold; Foundation, Emerging, Developing, Secure or Excellence. On each report, parents/carers will be told how much progress their child is making in each subject as; Exceptional Progress, Good Progress, Expected Progress, or Less Than Expected Progress.
- At Key Stage 4 achievement will be reported using working at grades, appropriate to the course being studied - GCSE courses would use projected GCSE grades, vocational courses should use pass/merit etc. Courses that do not lead to certification are not required to grade attainment. In each case, the projected grades assume normal progress over the remainder of the course.

Reporting Approach and Behaviour For Learning

Across all Key Stages, we will report on students' approach to their learning and their behaviour.

An Approach to Learning grade will be given in terms of L1, L2, L3 or L4, with L4 being the highest.

A Behaviour for Learning grade will be given in terms of L1, L2, L3 or L4, with L4 being the highest.

Further Guidelines

Where required, any additional details on the mechanics/timings etc. for completing the written reports or arrangements for parent consultation evenings will be issued to staff at the appropriate time. Information to parents/carers will be sent home and made available on the school website.

QUALITY ASSURANCE:

Standards are established by:

- offering clear guidance on agreed school policy
- sharing of good practice at whole school and faculty level
- induction for staff new to the school
- inset for all colleagues as appropriate

Standards are assured by:

- individual staff being responsible for the written quality of their reports and ensuring they follow school guidance in terms of content
- the Head of Faculty/Department who samples reports for subject content and errors prior to submission and will return unacceptable reports for rewriting as necessary
- the Senior Leadership Team who sample reports for consistency, content and accuracy after submission and will return unacceptable reports for rewriting as necessary.

Appendix to Reporting to Parents Policy

	L1	L2	L3	L4
				
Approach to learning	Often gives up when learning is perceived to be challenging. Work is usually incomplete and there is an unwillingness to improve work, even when prompted. Needs to be much more organised and motivated. Overall commitment to learning needs much improvement.	Can show resilience but sometimes gives up when learning is perceived as challenging. Needs to be more organised and self-motivated. Work does not always reflect their true ability. Needs to show greater willingness to improve work. Overall commitment to learning could be better.	Usually resilient in the face of challenges. Usually checks work for detail and is keen to make improvements. Is self-motivated and organised. Overall their commitment to learning is good.	Enjoys challenges and is resilient. Constantly checks work for detail and willingly makes improvements. Seeks out new information. Is self-motivated, highly organised and committed to their learning. Overall their commitment to learning is outstanding.

	B1	B2	B3	B4
				
Behaviour	Needs to be far more respectful to other pupils or the teacher. Can be disruptive and look to distract others. Sanctions often have to be issued because of their behaviour.	Behaviour could be better. Needs to be respectful to other pupils or the teacher. Lapses in concentration mean they can be easily distracted.	Behaviour is good. Is polite and courteous. Responds well to requests. Works well alone and with other pupils. Respectful of different beliefs, opinions and attitudes.	Behaviour is exemplary; an excellent role model for the class. Proactively supports teaching and learning. Is very polite and courteous. Works extremely well alone and with other pupils. Respectful of different beliefs, opinions and attitudes.
