

The timetable below is for voluntary after-school study support sessions led by subject teachers **during the Spring term**. Most sessions will run from 3.15 – 4pm or 4.30pm (please check with individual teachers for timings and rooms).

For students to attend sessions, parents must have completed the **revision consent form** available on the student page of the school website.

If a student has multiple subjects on one evening, they should alternate their time between these subjects. Subjects in **PURPLE** should take priority on **week one** and subjects in **GREEN** should take their priority **week two**.
