

Perform Here!

Task 1:

Watch the teacher tube link to gain insight into the correct terminology and areas of the theatre – take detailed notes and include these as research in your portfolio.

[http://teachertube.com/viewVideo.php?video_id=3613&title=Tour the Theatre](http://teachertube.com/viewVideo.php?video_id=3613&title=Tour_the_Theatre)

Task 2:

Research as much information as possible about the following two performance venues:

The Core Theatre, Solihull (Venue Hire)

The Birmingham Hippodrome (Partnerships and Events – Venue Hire)

Take detailed notes and include these as research in your portfolio. Consider things such as:

Size, age, types of performance companies, is there a company who are based there? Do they have touring companies and bookings, or both? Who works there?

Do not copy from the websites; if you want to quote anything, you must credit the source by putting the name of the website on your work. Also do this if you use pictures.

Task 3: For Distinction grades:

Imagine that you are a **Theatre Venue Promoter** and produce a presentation for a panel of prospective performance companies.

You will need to promote the theatre venues and refer to past companies that have performed there, as well as current productions. You should consider why the theatre is the perfect place for performance companies to choose.

Other aspects you might want to mention:

Box Office Sales

Audience Capacity

Size of Performance Space

Are there any theatre venue tours available for a closer look?

Is there an area to purchase refreshments?

All the while think about the benefits of the venue's facilities and why the companies should pick the two venues that you are promoting.
