

## Resource Management Geography questions revision

### **Instructions:**

1. Choose the topic you feel you know the least
2. Find a question you don't know the answer to within that topic and write it in your book
3. Read the pages of the textbook first
4. Then write the question out fully in your book.
5. Time yourself a minute per mark eg. 6 marks should be written in 6 minutes. If you haven't finished in 6 minutes then change you pen colour and complete. This gets you used to the timings which is an exam skill

### Urban issues and challenges

1. See Birmingham case study sheet - Assess the extent of economic and social inequalities in a UK urban area you have studied (4 marks)
