Year 10 Careers and Interview Day – Feedback

Prior to the Summer Holidays, Year 10 (now 11) took part in a Careers and Interview Day. The school invited over 45 guests from a wide of businesses and higher and further education establishments to assist in delivering workshops and providing very student with an opportunity to have a mock job interview.

The day was a huge success and, as a school we would like to say a huge thank you to all of our guests that gave our students such an enjoyable, informative and challenging experience. The feedback from students and visitors was fantastic.

Access Accountancy Programme with Grant Thornton

By way of introduction, I'm Aaliyah and I'm an Alderbrook Sixth Form Alumni from 2019 and joined Grant Thornton via an apprenticeship I found out about during my time at Sixth Form. I know how important these decisions can be and so would love to help out by pointing any students in the Accounting and Finance direction.

We have an opportunity for students to attend the Access Accountancy program with Grant Thornton where we will run a number of virtual sessions for students to participate in. The sessions will be held Via Zoom on the 25th, 26th and 27th October.

The Access Accountancy programme is in line with Grant Thornton's purpose and is part of our commitment to achieving social mobility across the UK. The aim of the programme is to give your students a taste of what it's like to work within a global professional services firm, as well as developing them both personally and professionally. Whether they are looking for a fast track onto our school leaver apprenticeship programme or to build their CV ahead of university, this is a great opportunity for them to enhance their experience.

The application link is below which you could distribute to students to apply, there are a limited number of spaces available.
