Sense believe that no-one should be left out as a result of their disabilities

We strive to provide accommodation services where the support is tailored to the needs of the individual.

We are specialists in supporting complex communication needs, sensory impairments and learning difficulties, through our residential and supported living services.

Sense are keen to highlight our properties and we are also very keen to extend and refresh our accommodation offer.

We have group living services, shared accommodation, individual flats, communal spaces and much more within our portfolio.

If you wish to discuss any of our vacancies further, please contact our friendly and experienced Midlands Operations Team.
