## Aims

- 1 This policy statement aims to set out our school's arrangements for managing the access of education and training providers to students for the purpose of giving them information about their offer. It sets out:
  - Procedures in relation to requests for access
  - The grounds for granting and refusing requests for access
  - Details of premises or facilities to be provided to a person who is given access

## Statutory requirements

- 2 Schools are required to ensure that there is an opportunity for a range of education and training providers to access students in years 8 to 13 for the purposes of informing them about approved technical education, qualifications or apprenticeships.
- 3 Schools must also have a policy statement that outlines the circumstances in which education and training providers will be given access to these students.
- 4 This is outlined in section 42B of the [Education Act 1997](#).
- 5 This policy shows how our school complies with these requirements, including the updated changes that come into force in January 2023.

## Student entitlement

All students in years 8 to 13 at Alderbrook School are provided with at least six encounters with providers of technical education or apprenticeships:

- Two encounters during the 'first key phase' (year 8 or 9) that are mandatory for all students to attend, to take place any time during year 8 or between 1 September and 28 February during year 9.
- Two encounters during the 'second key phase' (year 10 or 11) that are mandatory for all students to attend, to take place any time during year 10 or between 1 September and 28 February during year 11.
- Two encounters during the 'third key phase' (year 12 or 13) that are mandatory for the school to put on but optional for students to attend, to take place any time during year 12 or between 1 September and 28 February during year 13. School will encourage all students to attend the encounters, however, optional attendance for older students recognises that, while many 16- to- 18-year-olds will benefit from finding out more about post-18 technical options, some will be in the sixth form having made a firm decision to pursue their chosen pathway.

In addition

- Hear from a range of local and national education and training providers about the opportunities they offer, including technical education and apprenticeships
- Understand how to make applications for the full range of academic and technical courses

## Management of provider access requests

### Granting and refusing access

- Safeguarding – if the Academy DSL deems it is not safe or appropriate
- Health & Safety – the provider must adhere to the Academy H&S requirements

### Safeguarding

- 8 Our External Visitors policy outlines the school's procedure for checking the identity and suitability of visitors.
- 9 Education and training providers will be expected to adhere to this policy.

### Premises and facilities

- 10 Once visits have been agreed, the Academy will provide appropriate facilities to support the visit, along with any equipment requested by the provider, where it is available. Sessions can be held in different venues according to the number of students and the requirements of the provider. For example, in Malley Hall, Cartwright Hall and Sports Hall delivered to over 200 students, or for smaller group sessions in the Gantry Theatre, Library or in classrooms. We also have the facility to deliver safe personalised sessions. We are happy to work with providers to share any resources we can that make their visit possible and we are happy to accommodate those that need to bring extra equipment into the Academy in order to showcase what they do. Providers are welcome to leave prospectuses which will be made available in the Sixth Form and Library.
